## **PUBLIC HEARING**

### **11. RESOLUTION NO. 2011-15: A RESOLUTION ADOPTING THE FINAL MILLAGE RATE TO BE LEVIED BY THE CITY OF ARCADIA, FLORIDA FOR THE FISCAL YEAR 2011-2012.**

**A motion was made by Dr. Johnson and seconded by Councilwoman Craven to adopt Resolution No. 2011-15. Motion carried 3-0.**

**Deputy Mayor Keene opened the public hearing. The City Recorder read Resolution No. 2011-16 by title only. Deputy Mayor Keene called for questions from the public.**

Mr. Gary Frierson, Gibson Street, voiced his concern over the salaries in the budget and passed out referring paperwork for the Council's review. He requested that the Council may pass this budget tonight and place a freeze on all raises. He noted that the City only collects 1.4 million in property taxes with the 8.089 millage rate and the \$86,612 line item was a perpetual expense in the budget. Dr. Miller explained that the Legislature enacted a law removing longevity bonuses. These bonuses would be performance based therefore this expenses was not a permanent raise. Dr. Miller responded to Mr. Frierson that the first budget was a draft, a living and changing document, reviewed by Council resulting in various changes. Dr. Miller continued that Middle Managers were receiving overtime causing that line to be over budget. Overtime was eliminated which resulted in a reduction in salaries therefore the Middle Manager salaries were increased to Department Head salaries.

Deputy Mayor Keen responded to Councilwoman Craven that Middle Managers should be compensated. Dr. Miller followed that some employees are below poverty level and pointed out that the budget this year is the lowest of all years presented in Mr. Frierson's handouts. Dr. Miller continued that the numbers he quoted were US Census numbers and is the reality of what the City has to deal with. Dr. Miller further stated that he does care and actively participates in the community. Mr. Frierson replied that this budget is the lowest because there is no money. Councilwoman Craven questioned if this budget is not passed would it

revert to the old budget? Attorney Henbest stated that the budget would be 2010/2011 budget however there are bond covenant violations to take into consideration.

Mr. Joe Fink, Councilmember Elect, agreed with Mr. Frierson and asked the Council to consider removing raises and bringing back the Crossing Guards who are much needed on Magnolia and Manatee.

Dr. Miller interjected that property and liability insurance must be in place by October 1, 2011.

Marshal Lee reported that he has all hands on deck and he has issued 10 citations on Magnolia Street and requested if the \$25,000 could be found for rehiring of the Crossing Guards.

Mr. Ernie Hewett questioned the increase in health insurance rates and felt that it was unnecessary to survey the employees. Deputy Mayor Keene responded the health insurance renewal had previously been approved. Mr. Hewett questioned penalties for not approving the budget and the 2009/2010 audit.

Finance Director Jorge Santana stated that staff took a lot of things to heart and the budget is \$300,000 less than last year's budget. He continued that the bonuses must be earned and the \$86,000 is irrelevant to the long run issues that need to be addressed to allow the City to be financially stable.

Dr. Miller stated that City Staff worked diligently to present this budget and for Mr. Hewett to suggest City Staff was incompetent is undignified.

There being no further comments, the Public Hearing was closed and the Regular Meeting was reconvened.

**Deputy Mayor Keene requested that Item 18-f be addressed at this time.**

Dr. Miller reported that he received the insurance renewal for FY 2011/2012. Worker's Compensation insurance decreased from \$114,815 last year to \$99,754 this year and Property Insurance decreased from \$211,139 to \$202,083 this year for a total savings of over \$24,000. He continued that Deputy Mayor Keene requested information on savings regarding deductibles. Dr. Miller reported that the City currently insures at 6 million over 2 million and if you reduce that to 4 million over 2 million there is a savings of \$3,115. If you choose to lower to 2 million over 1 million this would be a savings of \$7,846.

Mr. Lewis Sanders explained Sovereign Immunity and the limit of \$200,000 per person. He gave an example of a worst case scenario.

To the Arcadia City Council,

This is to request that I be considered to fill the vacancy left by Sharon Goodman on the City Council.

I have lived in Arcadia since 1951 and was employed by the telephone company for 46 years. The following are positions that I held during my career with the telephone company: installer, repairman, local manager, and district commercial manager for four counties including DeSoto, Charlotte, Hendry and Glades. I also held the position of Government Affairs. This position gave me the responsibility to represent the company with both local and state officials on matters concerning the company.

I have also previously served on the Arcadia City Council and four years on the DeSoto County Commission.

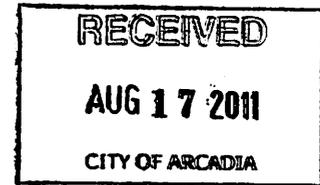

I ask that you consider my many years of public service and government experience in making your choice.

Thank you for your consideration,

RECEIVED

**Dear City Council Members:**

Please accept this letter as my request for consideration to be appointed to the City of Arcadia City Council position vacated by Councilwoman Goodman.

I am a resident of City of Arcadia and a qualified voter as required by the City of Arcadia Charter to hold the Council member seat.

In the 2011 City of Arcadia Council elections, I was one of four candidates contending for a seat on the City Council. I finished third only seven votes less than the second place candidate selected to serve on the City Council.

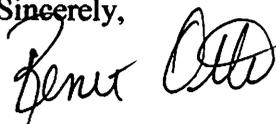

I am the dedicated, determined, and dependable professional you seek to serve the citizens of the City of Arcadia.

In these uncertain times, it is important that we all ask what we can do for the City of Arcadia. Therefore, I am committed to conducting City business ethically, with integrity, and in accordance with the laws.

I am also committed to being actively involved in the community as a council member and advocate policies that support the health of our community. My husband, Tim Kilkelly, is a firefighter and my daughter, Erin, is a student in DeSoto County.

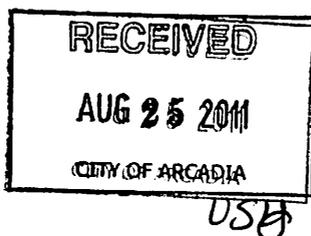

Thank you for your time and consideration of my request to be appointed to the City Council of Arcadia. Please let me know if I can provide any additional information or references.

Sincerely,

Renee Otto

Dr. Lawrence Miller  
City Administrator  
City of Arcadia  
23 N. Polk Ave.  
Arcadia, FL 34266

Dear Dr. Miller:

Please let me put forth my name for consideration in the search for a City Council member to fulfill the term of Dr. Sharon Goodman.

As a fifth-generation Arcadian, it would be an honor to represent my fellow Arcadians and do my part to ensure the success and future of our town. Since moving back to Arcadia in 2004, I have been involved in many projects aimed at the improvement of our community. As the Planning Manager at the DeSoto County Health Department, I helped to bring Walkability expert Dan Burden to town and extensively promoted the Walkability study and the adoption of a Master Plan for the City. After leaving the Health Department, I continued to work toward that goal by submitting the Tiger II transportation grant on behalf of the City and the Main Street organization. This work was done pro-bono out of a desire for Arcadia to succeed and fulfill its potential.

Although I am currently working in Charlotte County, my home is Arcadia and I feel a responsibility to serve my community in whatever capacity I can.

I would be pleased to meet with the Council and members of the public at the public workshop on September 20 to answer any questions they might have about my qualifications and ability to serve.

Best regards,

Melissa Sanders

When our workers arrive in Florida, my job turns around to another status in that I must document and tract all employees through the time period they are employed with DeSoto Fruit and Harvesting, Inc., the company Farm Labor Contractor. We must be pro-active operating under the Work contract issued by the different governmental agencies. Operating within the rules of the contract and Safety is first and foremost in the operation of a business when a company uses H2A foreign labor.

After reviewing my letter of qualifications, I'm sure you can see my past & present work with government agencies as well as a strong self-employment background give me an edge on being able to handle the job as City Council Member.

I feel strongly that success is achieved through compliance, never try to go around the law, instead always achieve your goals by compliance.

With this letter I submit my interest in the seat that was vacated by Dr. Sharon Goodman.

Sincerely,

Judy Wertz Strickland

In 1959 I married Darryl Wertz and together we have two children, Kimberlyn Wertz Ducette and Robert Edward "Eddie" Wertz. From those two children, I was given three of the most adorable grandsons and one granddaughter, Dalton and Aaron Wertz, Clint Klishin and Catherine DuCette . After my first husband died in 1997, I married T.A. Strickland who later died in 1999.

My past employments have been with DeSoto County as a deputy clerk with the Board of County Commissioners, 1960-1972. Sub Rural Carrier with the local Post Office, 1972-1974. Owned the Country Cottage Flower Shop, 1976-1994, and was co-owner of Darryl Wertz Well Drilling from 1968 - 1994.

For the past 16 years my present employment is with DeSoto County Transport, Inc. a management company for Sorrells Citrus, Sorrells Grove Care, Inc, Sorrells Groves, Inc. and Sorrells Brothers Packing Co., Inc.

Of the previous Sorrells companies I am the Safety and Compliance Officer dealing with Human Resources and Foreign Labor. My job description as Compliance Officer involves adhering to regulations set up by US Governmental agencies. I deal with the US Department of Labor, Department of Environmental Protection, DeSoto County Health Department, Southwest Florida Water Management District, US Department of Transportation and the Florida Department of Transportation.

In the past 12 years I have been involved in the procurement of Foreign Labor to harvest the company fruit. My job has been to file the petition to the Department of Homeland Security, US Department of Labor and the Workforce Innovation Offices to process the foreign workers for a work visa. This part of my employment is paper intensive so we must be right on target with the filings and the process to obtain the work visa for our foreign worker's. I travel to Mexico four to six times a year to take part in the process of our workers in obtaining a visas.

Dear Dr Miller and the City Council of Arcadia,

The Board of directors of Arcadia Desoto County Habitat for Humanity Inc are asking you to consider donating property located and owned by the city, to Habitat for Humanity so that we can build homes with low income families who will become first time homeowners and new members of the tax paying community.

The property's we wish you to consider donating to us are: 1) one vacant lot located between 1015 and 1005 Cypress which will need to have zoning brought into compliance. 2) the other vacant property is located at the corner of 10<sup>th</sup> Ave. and E Maple St. We are interested in the property located north of the water tower. This property will be subdivided into 4 or 5 vacant lots. All these property's have water and septic easily accessible for connection, which will increase the city's utility income also.

Thank you for considering this donation that will further our mission which is to provide families from our community with safe decent and affordable homes in which to live and grow into all that God intended.

Sincerely,

Jane Breylinger
