

**Public Announcement:**

The City of Arcadia is initiating a Clean City Campaign: Our City, Our Home.

Our initial effort in this campaign will focus on special trash pick-up, all large items need to be removed such as; appliances, computers, tables or any other large items will be picked-up every Wednesday. Property owners will be responsible for putting special trash in front of their residence for pick-up. City personnel will leave door hangers notifying the occupants of the residence that they can pay in advance or be billed for the special trash that will be picked-up in front of their home or business. The occupants of the residence will be notified that if they do not make arrangements for special-trash pick-up then they will run the risk of being fined by code enforcement. It is more sensible to get rid of the special trash, and avoid in all probability a very large fine.

In addition, the City of Arcadia has just enacted a Nuisance Ordinance, which in being implemented will have a profound effect upon the attractiveness of the City. I would suggest that you go to the City of Arcadia website to gain more information about this ordinance: [www.arcadia-fl.gov](http://www.arcadia-fl.gov)

We want to make our City more attractive and appealing to all who live work or visit our various communities. In putting our best foot forward we are all working together to improve the quality of life for ourselves, our children and our children's children. Our City is a beautiful place to live, work and play, so please join us in our effort to keep it that way. Please contact the City of Arcadia, Utilities Department at (863) 494- 3678 for further information on special trash pick-up fees and how we can work together to keep our city clean and beautiful.

Dr. Lawrence A. Miller  
City Administrator
